

Female colleagues in AutoCure							
Family name	Name	Degree	Year of PhD	Position	Area of Expertise	University/Medical center	E-mail
Allaart	Renee	PhD, MD				Leiden University Medical center	c.f.allaart@lumc.nl
Apparailly	Florence	PhD	dec-93	Senior scientist	Cytokines Animal models Innovative therapies Immunology Rheumatology	INSERM Montpellier/France	florence.apparailly@inserm.fr
Backhaus	Marina	MD, PhD	jun-03	Consultant, Head of the outpatient department, group leader of imaging center	Arthrosonography, Imaging, comparison of imaging techniques (y-ray, MRI, Arthrosonography)	Charité Universitätsmedizin Berlin, Charité	marina.backhaus@charite.de
Barton	Anne	MD, PhD	1991, 2001	Reader and Honorary Consultant Rheumatologist	RA Genetics - susceptibility and outcome; psoriatic arthritis genetics; genetic predictors of anti-TNF response.	The University of Manchester / Central Manchester Foundation Trust	Anne.Barton@manchester.ac.uk
Bevaart	Lisette	PhD	2005	Senior scientist	Immunology Animal models Gene Therapy Antibody/Fc receptors	Arthrogen B.V.	Bevaart@Arthrogen.nl
Boumans	Maartje	MD	N.A.	PhD student	mode of action of rituximab, clinical trials with experimental therapies in RA	AMC Amsterdam	M.J.Boumans@amc.uva.nl
Cantaert	Tineke	PhD	2008	postdoctoral researcher	immunology, animal models, B cell biology, ACPA	AMC Amsterdam	t.cantaert@amc.uva.nl
Dastmalchi	Maryam	MD, PhD			Myositis	Karolinska University Hospital	maryam.dastmalchi@karolinska.se
de Hair	Marjolein	MD	N.A.	Research physician	Preclinical and very early arthritis	AMC Amsterdam	m.j.dehair@amc.uva.nl
de Jong	Zuzana	MD, PhD	2004	senior academical medical	Educational research	Leiden University Medical center	Z.de_Jong@lumc.nl
Fearon	Ursula	PhD				St Vincents University Hospital	academicresearch@st-vincentis.ie
Gay	Renate E.	MD		Professor	Molecular Biology of Arthritis	University Hospital Zürich	renate.gay@usz.ch
Gerlag	Danielle	MD, PhD	nov-08	Assistent Prof.	Head Clinical Trial team, biomarkers	Academic Medical Center/University of Amsterdam, Amsterdam, The Netherlands	d.m.gerlag@amc.uva.nl

Female colleagues in AutoCure							
Family name	Name	Degree	Year of PhD	Position	Area of Expertise	University/Medical center	E-mail
Han	Wanda	MSc		PhD-student	Immunology	Leiden University Medical Center	W.G.H.Han@lumc.nl
Hultqvist	Malin	PhD	2007	Project leader	Animal model of RA, Reactive oxygen species in autoimmunity	Redoxis AB	malin.hultqvist@redoxis.com
Hyrich	Kimme	MD, PhD	2005	Senior Lecturer	Epidemiology, Pharmacoepidemiology (Drug safety and effectiveness), Biologics, Inflammatory Arthritis (Adults and children)	University of Manchester, UK	kimme.hyrich@manchester.ac.uk
Ioan-Facsinay	Andreea	PhD	2003	post-doc	immunology	LUMC	a.ioan@lumc.nl
Jonckheere	Christina Louise	MD		Rheumatologist	Psoriatic arthritis	AMC	C.L.Jonckheere@amc.uva.nl
Jungel	Astrid	PhD	2002	Senior Postdoc. Fellow	Epigenetics(Acetylation and Ubiquination)	University Hospital Zürich	astrid.jungel@usz.ch
Krystufkova	Olga	MD,	-		Clinical immunology and rheumatology	Institute of Rheumatology, Prague	okrystufkova@email.cz
Loddenkemper	Konstanze	MD			Osteoporosis, steroid-induced osteoporosis	Charité Universitätsmedizin Berlin, Charité	Konstanze.Loddenkemper@charite.de
Lundberg	Ingrid	MD, PhD	1991	Professor	Clinical rheumatology, Myositis SLE	Karolinska Institutet	Ingrid.Lundberg@ki.se
Marques	Rute	PhD	2009	post-doc	Molecular biology / genetics	Leiden University Medical Center	r.b.marques@lumc.nl
Orozco	Gisela	PhD	dec-07	Postdoctoral fellow	Rheumatoid arthritis Genetics	arc Epidemiology Unit. University of Manchester	gisela.orozco@manchester.ac.uk
Ospelt	Caroline	MD	na	Postdoctoral fellow	Rheumatoid arthritis, synovial fibroblasts, innate immunity	University Hospital Zürich	caroline.ospelt@usz.ch
Plence	Pascale	PhD	1994	Senior scientist	Immunology Animal models Dendritic cells Regulatory T cells Rheumatology	INSERM Montpellier/France	pascale.plence@inserm.fr
Pontifex	Eliza	MD				St Vincents University Hospital	academicresearch@st-vincents.ie
Quentin	Julie	MD				INSERM	julie.quentin@inserm.fr

Female colleagues in AutoCure							
Family name	Name	Degree	Year of PhD	Position	Area of Expertise	University/Medical center	E-mail
Rantapää Dahlqvist	Solbritt	MD, PhD	1985	professor	Rheumatoid arthritis, cardiovascular disease, ACPAs, pre--patient data.	Umeå University Hospital	solbritt.rantapaa.dahlqvist@medicin.umu.se
Riemekasten	Gabriela	MD, PhD	jun-03	Consultant, Head of the Daily Clinic, Independent group leader of the German Rheumatology Centre	Systemic sclerosis, SLE, T cells, autoantibodies, animal models, autoimmune-mediated vasculopathy	Charité Universitätsmedizin Berlin, Charité	gabriela.riemekasten@charite.de
Richard	Isabelle	EPHE (engineer)	Master in 1995	Ingineer	microRNA, molecular biology, biochemistry	INSERM Montpellier/France	isabelle.richard@inserm.fr
Schuerwegh	Annemie JM	MD, PhD	2002	Associate Professor, Rheumatologist.	Clinical Rheumatology, systemic sclerosis, Immunology, IgE.	Leiden University Medical Center	A.J.M.Schuerwegh@lumc.nl
Teixeira	Elisabeth	PhD	1995	Researcher & Lecturer	Human Genetics in complex diseases. Transcriptome	Université d'Evry Val d'Essonne, France	epetit@polyarthrite.net
Thomson	Wendy	PhD		Reader	Complex Disease Genetics, Juvenile Idiopathic Arthritis	University of Manchester	wendy.thomson@manchester.ac.uk
Wahren Herlenius	Marie	MD, PhD	1999	Professor	Sjögren's syndrome, Congenital heart block, autoantibodies, autoantigens, genetics	Karolinska Institutet, Sweden	marie.wahren@ki.se
van de Sande	Marleen G.H	MD	na	PhD student, rheumatologist in training	(very) early arthritis, synovium biopsies	University of Amsterdam/AMC, the Netherlands	M.G.vandeSande@amc.uva.nl
van der Helm- van Mil	Annette HM	MD, PhD	Oct 2006	Academical Medical Specialist	GeneticsUA, RA, prediction disease outcome	Leiden University Medical Center	A.H.M.van_der_Helm@lumc.nl
van der Woude	Diane	MD	na	PhD-student and clinical fellow	ACPA, HLA	Leiden University Medical Center	dvanderwoude@lumc.nl
Wegner	Natalia	MRes	na	PhD student	Protein citrullination by human and bacterial PAD	Kennedy Imperial College Rheumatology	natalia.wegner06@imperial.ac.uk
Vervoordeldonk	Margriet	PhD	1996	Assistant Prof.	Innovative therapies (Gene therapy), Animal models, Neuroinflammation	University of Amsterdam/AMC, the Netherlands	m.j.vervoordeldonk@amc.uva.nl
Visser	Karen	MD			Treatment in early rheumatoid arthritis and undifferentiated arthritis, methotrexate	Leiden University Medical Center	k.visser@lumc.nl
Vliet Vlieland	Theodora P.M.	MD, PT, PhD	1996	Associate Prof.	Innovative models of arthritis care, health care services research	Leiden University Medical Center, Leiden, The Netherlands	T.P.M.Vliet_Vlieland@lumc.nl
Worthington	Jane	PhD	1987	Professor	Genetics of rheumatoid arthritis	University of Manchester, UK	jane.worthington@manchester.ac.uk

Female colleagues in AutoCure							
Family name	Name	Degree	Year of PhD	Position	Area of Expertise	University/Medical center	E-mail
Östberg	Therese	PhD	okt-08	Post-doc	Congenital heart block	Karolinska Institutet	Therese.Ostberg@ki.se
Erlandsson Harris	Helena	PhD	1997	Associate Prof.	innate immunity (HMGB1, TLRs, RAGE), animal models, juvenile arthritis	Karolinska Institutet	Helena.Harris@ki.se
Lundberg	Karin	PhD	2005	Research Assistant Prof.	citrullinated antigens, ACPA	Karolinska Institutet, Sweden	Karin.Lundberg@ki.se
